Hello (b) (6)

Can you tell me if you guys have had issues with blockages in the past? And if so how often?

Thanks

Gary Moore

Hello (b) (6)

I wanted to let you know that the Plumber was able to remove the blockage in the sewer line and it appears to be functioning properly at this time. Fortunately, the line was not collapsed. The plumber indicated that the blockage was a result of paper towels, hair pins, some plastic wrappers, rubber bands and hair. Please let your family know to be careful to avoid putting paper towels, plastic wrappers, or other similar items down the toilet or sinks to avoid a similar type blockage.

Thanks,
